

# Sustainable Aviation Fuels – Information session

December 16th, 10:00-13:00h

Hotel Tryp Aeroporto, Rua C, Número 2, 1749-125 Lisbon

**10h00 -10h30 | Registration and welcome coffee**

**10h30 -10h45 | Keynote – Decarbonization roadmap and climate commitments – Dr. Teresa Ponce de Leão, President of the Administration Board LNEG**

Where do renewable fuels like SAF stand in the context of national carbon-neutrality goals (e.g. RNC2050) and international environmental agreements?

**10h45 – 11h00 | Alternative Fuels and the Regulatory Environment - ENSE**

What is the regulatory framework in Portugal? How is SAF treated in the recast of the EU Renewable Energy Directive (RED II)?

**11h00 – 11h25 | Environmental performance and economic aspects - IATA**

What environmental benefits does SAF have? How exactly is it produced? What are the barriers to widespread use?

**11h25 – 11h45 | Refreshment Break**

**11h45 – 12h00 | The aircraft- manufacturers perspective - Boeing**

Why is SAF deployment important for manufacturers? How can they contribute to accelerate it?

**12h00 – 12h20 | The supply side - APETRO**

How prepared are fuel suppliers for the energy transition? If SAF is to become part of the energy offering to airlines over the next decade, is there a preferred technology and feedstock pathway?

**12h20 – 12h40 | Airlines: SAF in future operations – TAP, Hi Fly**

Are Portuguese airlines ready to use SAF in commercial operations? What are the perceived opportunities and challenges? How can regulation support the commercialization of SAF?

**12h45 – 13h00 | Closing remarks**

**13h00 | Courtesy lunch, Colinas de Lisboa restaurant (Hotel Tryp Aeroporto)**
